**RE: Non Compliance with the 2015 Consumer Confidence Report (CCR)**  
**Cypress Canyon Water Association**

Dear Ms. Baker:

Attached you will find Citation No. 03-19-16C-048 that the State Water Resources Control Board, Division of Drinking Water (hereinafter State Board) is issuing to the Cypress Canyon Water Association Water System (hereinafter Water System) to document the Water System's noncompliance with the Consumer Confidence Report (CCR) requirements, as specified in the California Health & Safety Code (CHSC) and Title 22, California Code of Regulations (details provided in Citation No. 03-19-16C-048).

**Based on a review of the State Board's records, the Cypress Canyon Water Association has failed to provide its customers with the Consumer Confidence Report for the year 2015 and also failed to submit the Certification to the State Board of distribution of the 2015 CCR to the customers.** By a letter dated September 29, 2016, the State Board previously notified the Cypress Canyon Water Association about this noncompliance issue and requested submittal of the 2015 CCR and CCR Certification Form.

**Please note that a written response to the Citation is required by October 31, 2016.** In addition, the Citation includes several directives and deadlines. Failure to comply with the citation directives will result in additional enforcement action, including assessment of a civil penalty. If you have any questions concerning any directive of the Citation, please call Zechariah Maynard with the Tehachapi District Office of the State Board at (661) 335-0991.

Sincerely,

IN RE: CYPRESS CANYON WATER ASSOCIATON  
Water System No. 1502449

TO: Bobbi Baker, Treasurer  
Cypress Canyon Water Associaton  
P.O. Box 82  
Lake Isabella, CA 93240

BY CERTIFIED MAIL

CITATION FOR VIOLATION OF CALIFORNIA CODE OF REGULATIONS,  
TITLE 22, SECTIONS 64480(a), 64483(a), and 64483(c)  
2015 CONSUMER CONFIDENCE REPORT  
CITATION NO. 03-19-16C-048  
Issued on October 21, 2016

Section 116650 of the California Health and Safety Code (CHSC) authorizes the issuance of a citation to a public water system for violation of the California Safe Drinking Water Act (Health and Safety Code, Division 104, Part 12, Chapter 4, commencing with Section 116270) (hereinafter "California SDWA") or any regulation, standard, permit or order issued or adopted thereunder.

**STATEMENT OF FACTS**

Cypress Canyon Water Associaton (hereinafter Water System) is classified as a community water system and serves a population of approximately 34 persons through 50 service connections. The Water System operates under the authority of Permit No. 03-19-11P-001, issued on 3/4/2011, by the California Department of Public Health. Effective July 1, 2014, regulatory jurisdiction of the Water System was transferred from the California Department of Public Health to the State Water Resources Control Board.

**VIOLATION**

The State Water Resources Control Board, acting by and through its Division of Drinking Water (hereinafter "State Board") and the Deputy Director for the Division (hereinafter "Deputy Director") hereby issues a citation to Cypress Canyon Water Association for failure to comply with Section 116470 of the CHSC, and Sections 64480(a), 64483(a) and 64483(c) of Title 22, California Code of Regulations. Specifically, the Water System failed to distribute by July 1, 2016, a Consumer Confidence Report (CCR) to its customers, providing specific information on the water quality, served to consumers during the year 2015, and also failed to submit the CCR Certification form to the State Board by October 1, 2016.

**Section 116470(a) Consumer Confidence Report**

Section 116470(a), CHSC, specifies that as a condition of its operating permit, every public water system shall annually prepare a consumer confidence report and mail or deliver a copy of that report to each customer.

**Section 64480(a) Consumer Confidence Report – Applicability and Distribution**

Section 64480.(a), Title 22, California Code of Regulations, specifies that each community and nontransient-noncommunity water system shall prepare and deliver the first Consumer Confidence Report by July 1, 2001, and subsequent reports by July 1 annually thereafter.

**Section 64483(a) Consumer Confidence Report Delivery and Record Keeping**

Specifies that each community and nontransient- noncommunity water system shall mail or directly deliver one copy of the Consumer Confidence Report to each customer.

**Section 64483(c) Consumer Confidence Report Delivery and Record Keeping**

Specifies that no later than the date the water system is required to distribute the Consumer Confidence Report to its customers, each water system shall mail a copy of the report to the State Board, followed within three (3) months by a certification that the report has been distributed to customers, and that the information is correct and consistent with the compliance monitoring data, previously submitted to the State Board.

As described in Section 64481, Title 22, California Code of Regulations, the CCR is to provide, as a minimum, source of water purveyed by the public water system, specific information on concentrations of microbiological contaminants, minerals, physical agents, inorganic chemicals, organic chemicals, radioactivity, sodium, hardness, disinfection by-products, detected in the water supply, origin of contaminants detected in the water; explanation of any MCL violation of the primary drinking water standard, enforcement actions, monitoring & reporting violations, statement of health concerns, terms of a variance or exemption (if any granted to the water system), contact information of water system designee for additional information concerning the report. Regulations requiring community and nontransient-noncommunity water systems in California, to provide a CCR to customers, were adopted and effective on May 26, 2001.

By a letter dated September 29, 2016, the State Board requested a copy of the 2015 CCR and CCR Certification Form from the Cypress Canyon Water Association. A review of the State Board's records indicates that the State Board has **not** received a copy of the 2015 CCR and CCR Certification Form (2015 CCR provided to customers by the Cypress Canyon Water Association and certification to the State Board that 2015 CCR has been distributed to customers). **Therefore, the State Board has determined that the Cypress Canyon Water Association is in violation of the CCR requirement.** In addition, the Cypress Canyon Water Association is still required to provide a CCR to its customers and

1 mail a copy along with the CCR Certification Form to the State Board for the year 2016,  
2 which are due no later than July 1, 2017 and July 31, 2017, as described under the  
3 Directives.

4  
5 The above violations are classified as non-continuing violations.
